lib mod needs
delcare the insertion of
front_of_house mod with
private access
mod front_of_house;
./lib.rs
lib mod wants to use add_to_wait_list()
need to make the crate accessible in
the scope of the lib
by using use crate::front_of_house::hosting
then hosting::add_to_wait_list() will be
accessible within the lib.rs
mod front_of_house;
front_of_house mod needs
delcare the insertion of
hosting mod as publicly
accessible
pub mod hosting;
./front_of_house.rs
use crate::front_of_house::hosting;
pub mod hosting;
./front_of_house/hosting.rs
